THE 31ST CHINA-SAE CONGRESS & EXHIBITION

November 11-14, 2024 Chongqing•China

SAECCE Global Young Scientist Program

■ SAECCCE Global Young Scientist Program

- China-SAE Congress and Exhibition (SAECCE) is an annual event hosts by China Society of Automotive Engineers, it has become one the most influential platforms for industry practitioners, researchers, policymakers, and students to exchange ideas and opinions, and share research findings and experiences. The 31st SAECCCE (SAECCE 2024) will take place on November 11-14, 2024, in Chongqing, China. SAECCCE Global Young Scientist Program will be held concurrently.

Opening Ceremony

Thematic Forum

Exhibition

Special Section

■ SAECCCE Global Young Scientist Program

- This program promotes interactions between young scientists from different countries in automotive-related fields. It is expected that around 20 young scientists will be selected to take part in the event with financial support. Aside from research presentations, the program also includes enterprise tours and local attraction tours for participants to talk and learn from industry representatives and explore Chongqing.
